Gsoc Students Contributor
Github Global Student Ambassador
Coding game 6th level
Stackoverflow contributor

INTERNSHIP

Shalom Web Solutions - AI and ML internship

Successfully I have completed my project on shalom web
solution on the domain of artficial intelligence.

Sidalceas Edutech - Web Development Internship

Led the design, development, and deployment of a comprehensive
and dynamic website from concept to completion.
Collaborated closely with the design team to ensure seamless
integration of UI/UX elements, resulting in an intuitive and visually
appealing user interface.
Utilized front-end technologies such as HTML, CSS, and JavaScript
to create interactive features and enhance user engagement.
